EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles Gaines on 5/15/2007.

The application has been amended as follows:

Claim 3, line 8 delete "2.7:2.7:06" and insert "2.7:2.7:0.6"

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

In view of properly filed terminal disclaimer, Double Patenting rejection of record as stated in office action dated 4/24/2007 is overcome.

Claims as submitted with supplemental amendment dated 4/11/2007 overcome claim objections, in which claim 3 did not previously narrow the limitations of claim 1.

Art Unit: 1714

Amendment to the specification and Supplemental Oath and Declaration further clarify the priority information of the present invention. The two documents are now consistent.

The prior art of record of SEKHAR (US 5,770,632) as applied against present claims does not disclose combination of three accelerators utilized in very specific ratios. In claim 1, the ratio range is from about 3:3:1 to about 4:1:1 and in claim 3 this ratio is from about 2.7:2.7:0.6 to about 4.4:1.0:0.6.

In view of the above comments all pending claims are passed to issue.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Katarzyna Wyrozebski whose telephone number is (571) 272-1127. The examiner can normally be reached on Mon-Thurs 6:30 AM-4:00 PM.
